(Prices subject to change)

### INSTRUCTIONS

You have been referred to complete the Outcome Alternatives™ class specified above. Outcome Alternatives™ is a specialty service that provides online classes utilized by courts, probation departments, schools, etc.

You must attend and successfully complete this class within the time period specified by the agency which referred you. You can take your class on a computer, smart phone or tablet. You can always use your local library. You can stop and start your class any time day or night, seven days a week. Your progress is automatically tracked and saved for you. We suggest you get started right away and plan to work on your class daily until completed. Don't put it off.

These classes require reading and/or listening to several chapters of class content and, at each chapter, answering questions to assure a fundamental understanding. It is not difficult but you cannot skim and pass. There is a final exam. A Certificate of Completion is available for you to print or download as soon as you complete your class. You must deliver this official “Completion Certificate” to the agency that referred you to this class.

**To get Started:** Go to [www.outcomealternatives.com](http://www.outcomealternatives.com) and follow the “Register” / “Sign Up” links.

Specifically:

- 1) Go to [www.outcomealternatives.com](http://www.outcomealternatives.com)
- 2) Select “Register” or “Sign Up”
- 3) Locate your class, (e.g., “Theft Talk”, then “Adult”, then “8hr”)
- 4) Select “Enroll” / “Register” to create an account
- 5) Log In, select “Pay & Enroll” ... Begin your class.

Support is available 7 days a week by text, e-mail or phone.
